

Leighton awarded contract for Central-Wanchai Bypass

Leighton awarded contract for Central-Wanchai Bypass

/>cbr />Leighton Asia, India and Offshore has secured a contract worth A\$453 million to construct the tunnel buildings, systems and fitting out works associated with the Central - Wanchai Bypass (CWB) tunnel in Hong Kong.

third project to be awarded to Leighton on the Central - Wanchai Bypass (CWB) project by the HKSARs Highways Department, following the award of the 2010 contract for the construction of the Central Interchange and the Central Reclamation Phase III in 2009.

| Special Structure | Special Structu

between the Central Business District and the population centre in the Eastern part of Hong Kong Island. Upon its completion, the traffic will bypass the heavily congested existing roads along Hong Kong Islands north shore Wanchai and Causeway Bay area, further enhancing the quality of life for residents. ->Contract works will start immediately and are scheduled for completion by 2018. ->45128 Essen ->Deutschland ->Telefon: +49 (201) 824-0 ->Telefax: +49 (201) 824-2777 ->Mail: info@hochtief.de ->Info@hochtief.de
